

Residential Fixed Line Price Guide

Version 22
Effective 1 December 2021

Onestream Broadband Services

Broadband (includes line rental)

Broadband Packages	Monthly Charge
Onestream 17 (up to 17Mbps)	£29.95
Onestream Fibre 20 (up to 20Mbps)	£29.95
Onestream Fibre 55 (up to 55Mbps)	£34.95
Onestream Fibre 80 (up to 80Mbps)	£37.95

All new Onestream broadband packages include line rental. Our packages are only available when broadband and line rental are taken together at the beginning of the contract. The Terms & Conditions and restrictions set out in this price guide apply to broadband and line rental, together, as a package.

Broadband & Wi-Fi Speeds

All Onestream broadband speeds referred to in this price guide, on our website or in any of our other materials are maximum download speeds, unless otherwise stated.

Broadband speeds are dependent on all hardware, computing and other equipment components meeting certain minimum specifications, being fully functional and working at full speed.

The operating range of wireless equipment can vary according to the layout of your home. Other factors can also impact internet speeds, such as the distance of your home from the network exchange, the number of people using the internet, the level of use of the internet and other environmental and technological influences.

Onestream Essentials Router

We will provide a Onestream broadband wireless router to any new customer who wishes to take Onestream Broadband (subject to availability and credit check). Your devices and equipment will need to have wireless compatibility in order to connect wirelessly to the router and access the internet.

Onestream Superstream Router

The Superstream router offers superior speed and provides features such as: parental controls, time limits, WiFi security, website blacklisting and more, all from your mobile device. This is an optional extra available at any time up until the end of the cooling off period for a monthly fee of £3.00 per month. This is contracted for the same duration as the broadband service.

Onestream Assured & Assured Premium

The Onestream Assured products provide a safety net to those that value maximum uptime and predictable costs should an issue occur with their telephone or broadband service.

Onestream Assured provides customers an enhanced level of care which means that instead of waiting the standard 3 working days for faults to be resolved as dictated by Openreach, all issues are resolved next day, including Saturdays.

Onestream Assured Premium provides customers with an even greater level of service, promising a resolution time of only 6 hours, no matter the time of day or night.

Both packages also protect customers against unexpected engineer calls outs, Terms & Conditions apply.

Onestream Phone Services

Line Rental

Home Phone	Monthly Charge
Onestream Line Rental	£22.50

Number Transfer

Please note that we cannot guarantee the transfer of your existing phone number for use with Onestream home phone services but we will endeavour to port a number on request.

Call Bundle Add-Ons

Our call bundle add-ons are available subject to voice calling features being enabled as part of your service.

Voice 500 UK Landline & Mobile Calls

Zero pence per minute tariff applies to the first 60 minutes of any call to a UK landline or UK mobile (for numbers beginning 01, 02, 03, 07) during daytime, evening and weekend periods. Please see further details of the calling periods below. The following restrictions apply:

- 1) A maximum of 500 minutes a month are allowed at inclusive rates. If the limit on inclusive calls is exceeded, standard call charges apply.
- 2) 60 minute call cap. If you wish to avoid additional call charges you should redial before 60 minutes have passed. Standard call charges apply if you exceed the 60 minute call cap.
- 3) Excludes numbers personal numbers beginning 070.

Voice 1000 UK Landline & Mobile Calls

Zero pence per minute tariff applies to the first 60 minutes of any call to a UK landline or UK mobile (for numbers beginning 01, 02, 03, 07) during daytime, evening and weekend periods. Please see further details of the calling periods below. The following restrictions apply:

- 1) A maximum of 1000 minutes a month are allowed at inclusive rates. If the limit on inclusive calls is exceeded, standard call charges apply.
- 2) 60 minute call cap. If you wish to avoid additional call charges you should redial before 60 minutes have passed. Standard call charges apply if you exceed the 60 minute call cap.
- 3) Excludes numbers personal numbers beginning 070.

Voice Unlimited UK Landline & Mobile Calls

Zero pence per minute tariff applies to the first 60 minutes of any call to a UK landline or UK mobile (for numbers beginning 01, 02, 03, 07) during daytime, evening and weekend periods. Please see further details of the calling periods below. The following restrictions apply:

- 1) A fair usage cap of 2000 minutes applies. If the fair usage cap is exceeded, standard call charges apply.
- 2) 60 minute call cap. If you wish to avoid additional call charges you should redial before 60 minutes have passed. Standard call charges apply if you exceed the 60 minute call cap.
- 3) Excludes numbers personal numbers beginning 070.

Fault within customer premises - first hour charge	£120.00
Fault within customer premises - hourly charge (chargeable after the first hour)	£60.00
Customer requested service visit - phone socket relocation	£150.00

Early Termination Fee (ETF)

An early termination fee may apply to you when you cancel your agreement with us during the 12, 18 or 24-month minimum term (whichever applicable). For more detail, please see our Terms & Conditions.

Your early termination fee will be calculated based on the products and services we are supplying to you and how many months remain in your 12, 18 or 24-month minimum term agreement (whichever is applicable) at the time the agreement is cancelled.

How we calculate your Early Termination Fee

We start with the total remaining amount you would have paid up to the end of your minimum term. From this, we deduct any savings we make as a result of you leaving early.

Service	Monthly Deduction
Onestream Line Rental	£8.23
Onestream Connect 17	£14.28
Onestream Fibre 20/55/80	£14.53

Example

You are a Onestream Connect 17 customer paying £29.95 per month, there are six months remaining in your minimum term.

£29.95 (monthly rental) x 6 (months remaining) = £179.70

Subtract VAT (20%) = £143.76

Subtract cost savings (£85.68) = £58.08

Finally, we add the VAT back on. The Early Termination Fee would be £69.70.

If you cancel part way through a month, we work out the charge on a daily basis.

Additional products you could be charged for:

Router not returned with original packaging – £50/£125 depending on router
Broadband Assured if activated (due to engineer visit) – £3.95

Additional products you will not be charged for:

Call plans if they are subscribed to on a monthly rolling basis
Broadband Assured if not activated (due to engineer visit)

Should your early termination fee charge not be settled within 30 days of your line ceasing, an administration fee of £100 will be applied when your account is passed to debt collection

Standard Direct Dialed Call Tariffs

Call charges are shown in 'pence per minute'. A charging period is determined by the time you are connected to the network. Charging is rounded up to the nearest minute. Fixed fee charges are not rounded up as these are not based on call duration. Call durations are accurate to the nearest second.

A call connection charge of 25 pence per call applies for all out of bundle calls, unless otherwise stated. The rates set out below only apply in respect of out of bundle usage.

Call bundle inclusive calls are subject to a 60 minute maximum duration per call. Standard call charges apply if you exceed the 60 minute maximum duration. To continue making inclusive calls simply hang up and redial before 60 minutes has elapsed.

Please be aware of any manufacturer-specific issues which may affect your call charges (such as your home phone manufacturer). For more information please refer to the device's documentation.

Calling Rates To UK Landline Numbers, Mobile Numbers & Text Relay/ NGTS

Standard Calling Rate (Pence Per Minute)

Number Type	Call Connection Fee (Pence)	Anytime
UK Landline (numbers beginning with 01, 02, 03)	25	20
UK Mobile	25	20

Calling Rates To Other UK Numbers

Standard Calling Rate (Pence Per Minute)

Number Type	Call Connection Fee (Pence)	Daytime	Evening	Anytime
0800, 0808, 0500 - (Freephone numbers)	Free	Free	Free	Free
084, 087	25	9.5	9.5	9.5

Numbers beginning 084 and 087 are general service numbers for contacting organisations, such as your bank, travel services and government departments.

Calling Rates To 09 & 118 Numbers

Numbers beginning 09 are 'premium rate' service numbers, while those beginning 118 are directory enquiry numbers.

The cost of calling these numbers will be split into two parts:

The Access Charge:

This is the cost of connecting your call from a Onestream home phone line. This will be charged, by us, at 25 pence a minute.

The Service Charge:

This is the remainder of the cost of the call. The service charge is decided by the organisation you call, who must communicate it clearly. For example, if the service charge is 20 pence a minute, the organisation you are calling might say: "Calls cost 20 pence per minute, plus your phone company's access charge".

By adding together our standard access charge and the service charge, you'll know exactly how much each call will cost.

0800 & 0808 numbers:

Numbers starting 0800 or 0808 are free from landlines.

Calls To The Speaking Clock

Dial Prefix	Call Connection Fee (Pence)	Call Rate (Pence)
123	60	60

Calls to Non-Emergency Number

Calling Rates to UK Non-Geographic Numbers

Telephone numbers starting 08, 09 and 118 are called service numbers. You might use them to call many types of services, including your bank, travel services, Government departments, or even to vote on TV shows.

On 1 July 2015, Ofcom (the UK communications regulator) changed the way these numbers are charged. These changes are designed to make the cost of calls clearer for you, and are being communicated through a campaign called UK Calling (please visit www.ukcalling.info/ for further information).

Calls to 084, 087, 09 and 118 numbers

Numbers beginning 084 and 087 are general service numbers for contacting organisations, such as your bank, travel services and Government departments.

Numbers beginning 09 are 'premium rate' service numbers, while those beginning 118 are directory enquiry numbers.

The cost of calling these numbers is split into two parts:

The access charge

This is the cost of connecting your call from a Onestream home phone. This will be charged at 11p a minute by us.

The service charge

This is the remainder of the cost of the call.

The service charge is decided by the organisation you call, who must communicate it clearly.

For example, if the service charge was 20p a minute, the organisation you are calling might say: "Calls cost 20p a minute, plus your phone company's access charge".

By adding together our standard access charge and the service charge, you'll know exactly how much each call will cost.

0800 and 0808 numbers

Numbers starting 0800 or 0808 will remain free from landlines.

Access and Service Charges to 08, 09 and 118 numbers
